ACCUTRON[™]
Nitrous Oxide/Oxygen Sedation

AXESS[™]

LOW PROFILE NASAL MASK

THE NEW LOOK OF
NITROUS OXIDE/OXYGEN SEDATION

AXESS TO EVERYTHING YOU (AND YOUR PATIENTS) HAVE ALWAYS WANTED

The new Axess mask from Crosstex Accutron delivers the ultimate in comfort-conscious dentistry.

*"It really does
smell like
bubblegum!"*

Axess is the only N₂O/O₂ mask available in two scents (Birthday Bubblegum and Fresh Mint) as well as an unscented option.

AXESS TO HARD-TO-REACH AREAS

The mask's low-profile design provides unencumbered mouth access while its small, lightweight scavenging system is easy to work around, enabling clinicians like you to deliver excellent, efficient care to more patients.

AXESS TO GREATER PATIENT COMFORT

The mask is available in three sizes and fits snugly without tape or uncomfortable tubes protruding into the patient's nostril to maximize patient comfort – and minimize your team's exposure to ambient nitrous oxide gas. The lightweight scavenging system further minimizes drag and pull, enhancing patient comfort.

AXESS TO EXCELLENT CARE – AT A LOWER COST

Translucent so you and your staff can visually monitor your patient's breathing, each Axess mask comes individually wrapped for greater infection control – and at a cost that's significantly lower than that of other competing single-use disposable nitrous oxide/oxygen masks.

STEAM-STERILIZABLE SCAVENGING UNIT: BETTER FOR THE ENVIRONMENT – AND YOUR BUDGET

The reusable gas delivery and scavenging system ensures that the desired amount of gases is delivered and expelled efficiently for your practice – and comfortably for your patients.

THE AXESS MASK:
NEW LOOK OF
N₂O/O₂ SEDATION.

- Low-profile design
- Fits snugly around nose without tape
- Translucent
- No natural rubber/latex

**AXESS: IT'S WHAT YOUR PRACTICE
HAS BEEN LOOKING FOR**

The potential for calmer, more comfortable and positive patient experiences, more patient referrals – and greater opportunities to build your practice and profitability.* It's all from Axess, the new look of nitrous oxide/oxygen sedation.

* Financial and practice growth depend on many factors. Crosstex International, Inc. does not guarantee financial benefit from this product.
