EASYPULSE *TOC*

Total Oxygen Concentrator

**The Perfect Balance
of Portable and
Stationary Oxygen
Delivery**

EASYPULSE TOC

Total Oxygen Concentrator

Model: PM4400 Series

Total Oxygen Concentrator

It is the perfect balance of mobile and stationary oxygen delivery. It delivers continuous flow and pulse flow all in the same unit weighing less than 11.5 pounds. No need to have 2 separate oxygen concentrators.

Easy to Use

The EasyPulseTOC has an easy to use patient interface. One simple knob easily sets the oxygen flow to either pulse or continuous mode. Unlike many other TOC's, there are no confusing electronic controls.

Perfect for the Non-Delivery Oxygen Model

The EasyPulseTOC is the ideal product to help you reduce costly cylinder deliveries and eliminate the need for stationary oxygen concentrators.

Makes Mobility Easy

The convenient fold-up cart, with its adjustable telescoping handle and oversized wheels, is easily attached to the TOC. This enables the patient to take the unit anywhere and by any means. It is FAA approved for use on airlines and fits easily under an airline seat.

All You Need is in the Box

Open the box and you are set to go! It contains the Concentrator, Cart, AC Power Supply, AC Power Cord, DC Power Cord, Battery, Accessory Bag and User Manual.

Excellent Battery Life

The battery lasts over 3 hours. And with optional, easy to change extra batteries, you can extend your mobility as long as you wish.

Specifications

Dimensions

Height 14.63 in. (37.16 cm)
Width 10.50 in. (26.67 cm)
Depth 7.00 in. (17.78 cm)

Weight

11.5 lbs (5.2 kg)

Operating Temperature

TOC: 41° to 104°F (5° to 40°C)
Charging Battery: 32° to 113°F (0° to 45°C)

Altitude

Sea Level to 10,000 ft (3048 m)

Oxygen Concentration

87 to 95% at all settings

Noise Level

50.6 dBA on Setting 2 Continuous
42.9 dBA on Pulse Setting 1

Battery Duration

Pulse Mode	Continuous Mode
Setting 1: 3.3 Hours	1/8 5.0 hours
Setting 2: 3.0 Hours	1/4 4.3 hours
Setting 3: 2.8 Hours	1/2 3.3 hours
Setting 4: 2.5 Hours	1 1.8 hours
Setting 5: 2.3 Hours	2 0.8 hours

Cannula Requirement

Pulse Mode: Maximum 7 foot long adult standard single lumen oxygen cannula

Continuous Mode: Maximum 30 foot long adult standard single lumen oxygen cannula

Specifications are subject to change without prior notice.

Ordering Information

Part Number	Description
PM4400	EasyPulse TOC Total Oxygen Concentrator - includes AC and DC Power Supplies, Cords, Carry Bag, Cannula & Battery
PM4400EB	EasyPulse TOC Total Oxygen Concentrator - includes AC and DC Power Supplies, Cords, Carry Bag, Cannula & 2 Batteries

In the Box

DESKTOP CHARGER

Model: 508306

Batteries sold separately

Specifications

Charger Base

Dimensions

Height 3.00 in. (7.62 cm)
Width 6.20 in. (15.75 cm)
Depth 7.80 in. (19.81 cm)

Weight

0.80 lbs (0.36 kg)

AC Power Supply

Weight

0.77 lbs (0.35 kg)

Input

100-240V ~ 50-60HZ 1.6A

Specifications are subject to change without prior notice.

Charge Time

Charging a **Single** fully depleted Battery will take approximately 2 hrs.

Charging **Two** fully depleted Batteries will take approximately 4 hrs.
